	Crooked River	353.666	44	Ganus Family Loft	0881-AU19-GFL		0.10162	

We have added a new column to the sheet this year called “#RC”, which stands for Number of Races Clocked. You need to clock in three races to qualify, but you will see from this column that some breeders had four, five, six, seven or eight races from which to select their three best results.

The table, does not tell you how many birds a top breeders entered, but it does tell you how many races they clocked birds in, and that can give you some idea of how many birds they might have entered, across all races in the competition.

This year, even with the loss of two of our race series, there were 488 breeders who clocked birds in the final race, of at least one, of the six remaining OLR's participating in the National Breeders Championship. Of those 488 breeders, 31 breeders clocked birds, in at least three of the final races, for the National Breeders Championship competition.
